Faculty of Law

Academic Exchange with the Department of Law of the European University Institute in Florence

You are invited to apply to the academic exchange programme between the Institute of European and Comparative Law, on behalf of the Law Faculty, and the Department of Law of the European University (EUI) Institute in Florence. The exchange is open to Faculty members and graduate research students of the Oxford Law Faculty who wish to pursue research at the European University Institute. Under the agreement, Oxford may send to Florence, either one eligible person for a visit of six months between October and June, or multiple eligible persons for a combined total of six months between October and June (e.g. two visitors for 3 month period each).

The EUI will not provide accommodation. A maximum contribution of 1,500 Euros will be made towards the visit, including travel and accommodation costs. There will be no teaching or other formal obligations, although visitors might be asked to present at a research seminar. Knowledge of the Italian language is an asset but is not required in the working environment of the EUI. The exchange programme is co-ordinated by the Director of the EUI (Florence) and the Director of the IECL (Oxford).

Faculty members and graduate research students who wish to go to Florence during the **academic year 2025-26** (i.e. **between 1 October 2025 and 30 June 2026**) should submit their application via this [Form](#) by 12 noon Friday of Week 0 of Hilary term (**17 January 2025**). Applications should include the completed application form, a (short) statement setting out your research project and indicating how a research visit to the European University Institute will contribute to the project, a curriculum vitae and a list of publications. In the case of graduate students, the support of the supervisor is necessary.

Professor Dyson, Director of the Institute, welcomes informal enquiries (matthew.dyson@law.ox.ac.uk).
